Recruiting – Glynis Jamora

There are stop lights at the back of the room and I am going to pass out post-it notes to all. We need your help in telling us what we can do to have a successful recruiting season. Green Light – for the things you like, Yellow Light – for the things that we need to tweak, and Red Light – for the things that we need to change. At the end of the meeting please post your note to the appropriate note. Julie and I will compile all of your suggestions to help us have a more successful recruiting season.
